

CQ FLOOR VOTES

** 1993 CQ HOUSE VOTE 406 ** [HR2264](#)>. 1993 Budget Reconciliation - Adoption. Adoption of the conference report to reduce the deficit by an estimated \$496 billion over five years through almost \$241 billion in additional taxes and \$255 billion in spending cuts by closely tracking President Clinton's economic proposals. Of the cuts in the bill, \$102 billion would come through a freeze of discretionary spending at fiscal 1993 levels through fiscal 1998. Proposals in the bill include: a new top income tax bracket of 36 percent with a 10 percent surtax above \$250,000 retroactive to Jan. 1, 1993; a tax increase on the Social Security benefits of wealthier recipients; an increase of 4.3 cents in the federal gas tax; a tax increase from 34 percent to 35 percent on corporate income above \$10 million retroactive to Jan. 1, 1993; an auction of the public radio spectrum; a direct student loan program; \$55.8 billion in Medicare cuts mostly through reductions in payments to providers; a delay in cost of living adjustments for military personnel; changes in federal retirement programs; a \$20.8 billion expansion of the earned-income tax credit; creation of empowerment zones; an increase in spending of \$500 million for childhood immunization and \$2.5 billion for food stamps; a two-year extension of the research and development tax credit; a 50 percent capital gains exclusion for long-term investments in certain small businesses; and allowing the depreciation of intangible assets. Adopted 218-216: R 0-175; D 217-41 (ND 155-18, SD 62-23); I 1-0, Aug. 5, 1993. A "yea" was a vote in support of the president's position. (Story, 1993 Weekly Report p. 2122)
