Spending and Inflation

Thinking about the Biden Administration spending plan which they call the “Build Back Better Plan” please tell me which of the following statements comes closest to your opinion?

Some people say that we are already 28 trillion dollars in debt and this new 3.5 trillion-dollar plan will only further hurt our economy by raising taxes, increasing inflation, and killing jobs while providing little benefit for most Americans

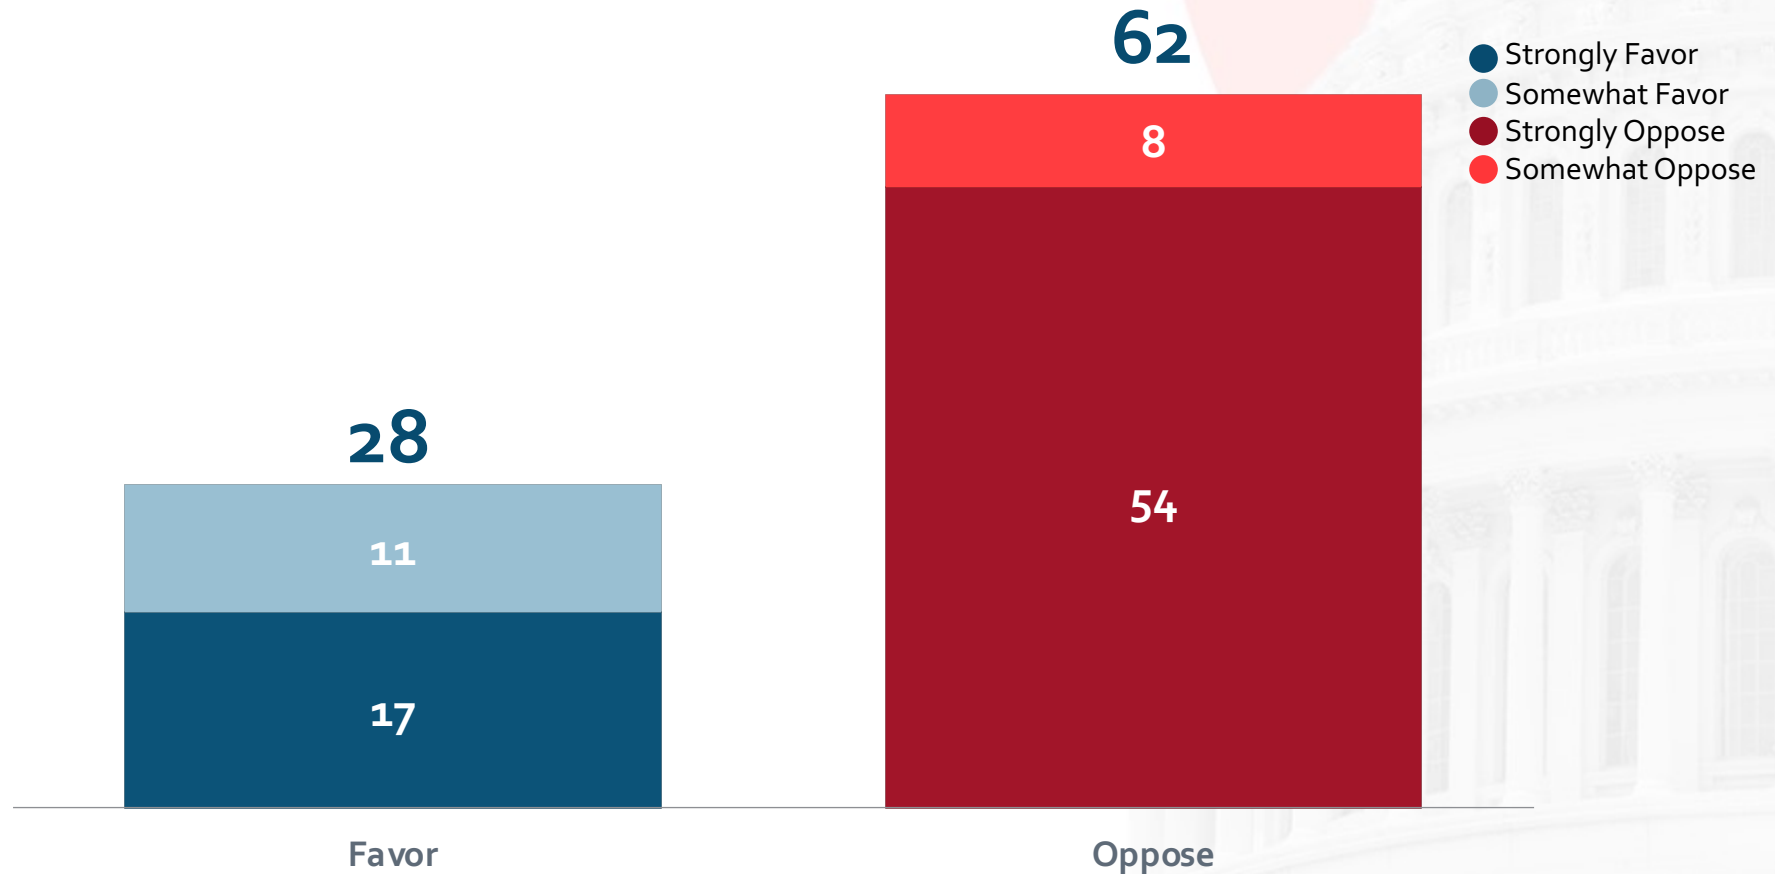

Other people say that this plan is needed to help America recover from the pandemic by repairing our infrastructure, increasing the child tax credit to provide child care for working families, fighting climate change, all while being paid for by increased taxes on the super-rich and corporations.

BUILD BACK BETTER

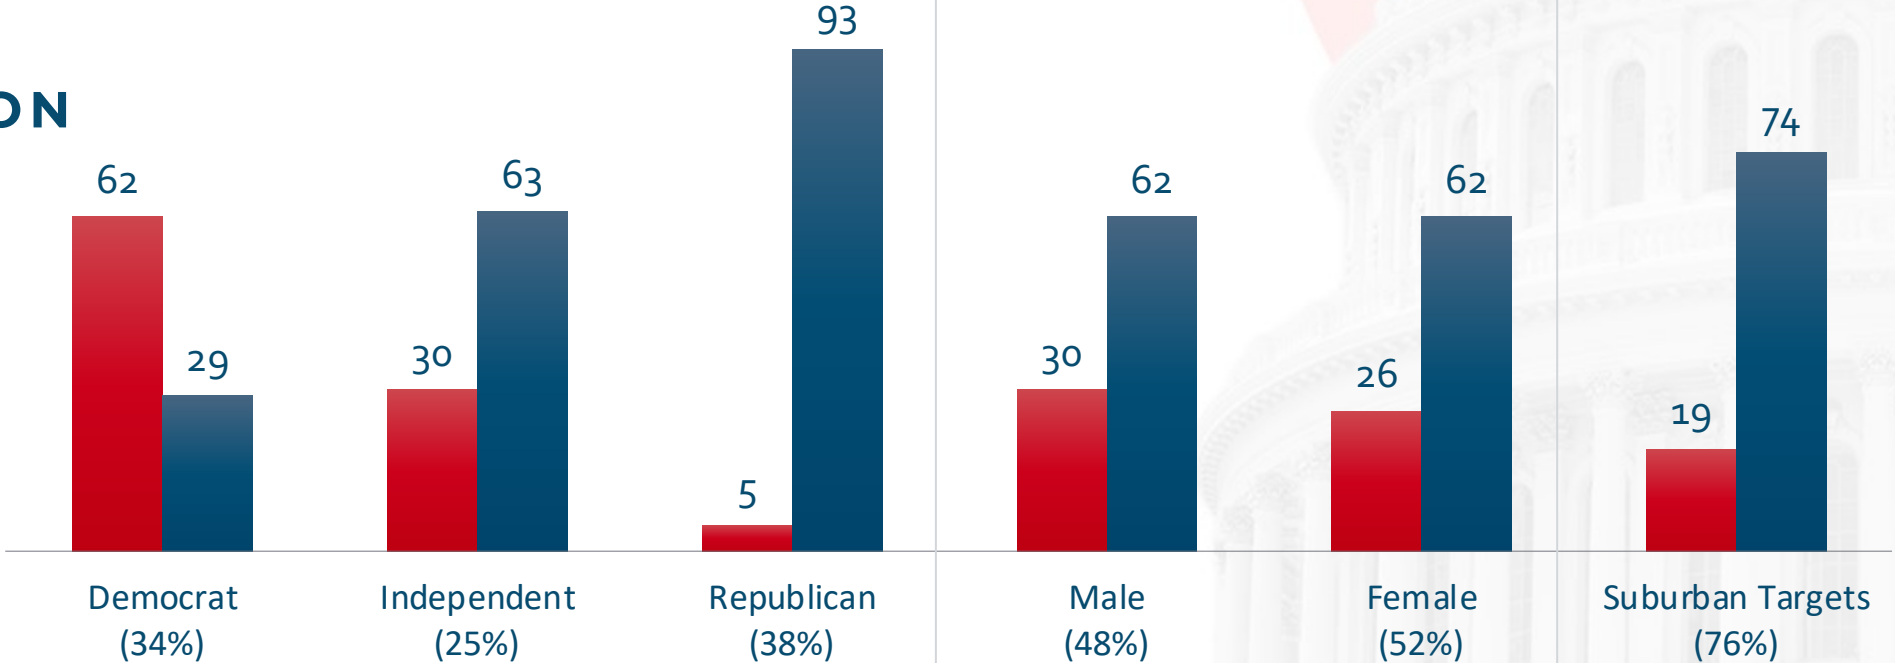

As you may know, President Biden and the Democrats in Congress are currently trying to pass a spending bill that will cost \$3.5 trillion dollars. To pay for this spending, their plan is to raise taxes on small businesses struggling to get back on their feet after COVID, raise the corporate tax rate to 26.5 percent, which is higher than China's, and raise taxes on 75 percent of middle-class families next year. With this in mind do you favor or oppose the passage of this bill?

\$3.5 TRILLION INFORMED

Please tell me if you agree or disagree with the following statement. Excessive government spending and debt is hurting middle class families right now because it is causing inflation, which means gas, groceries, and everything else costs too much.

INFLATION IMPACT

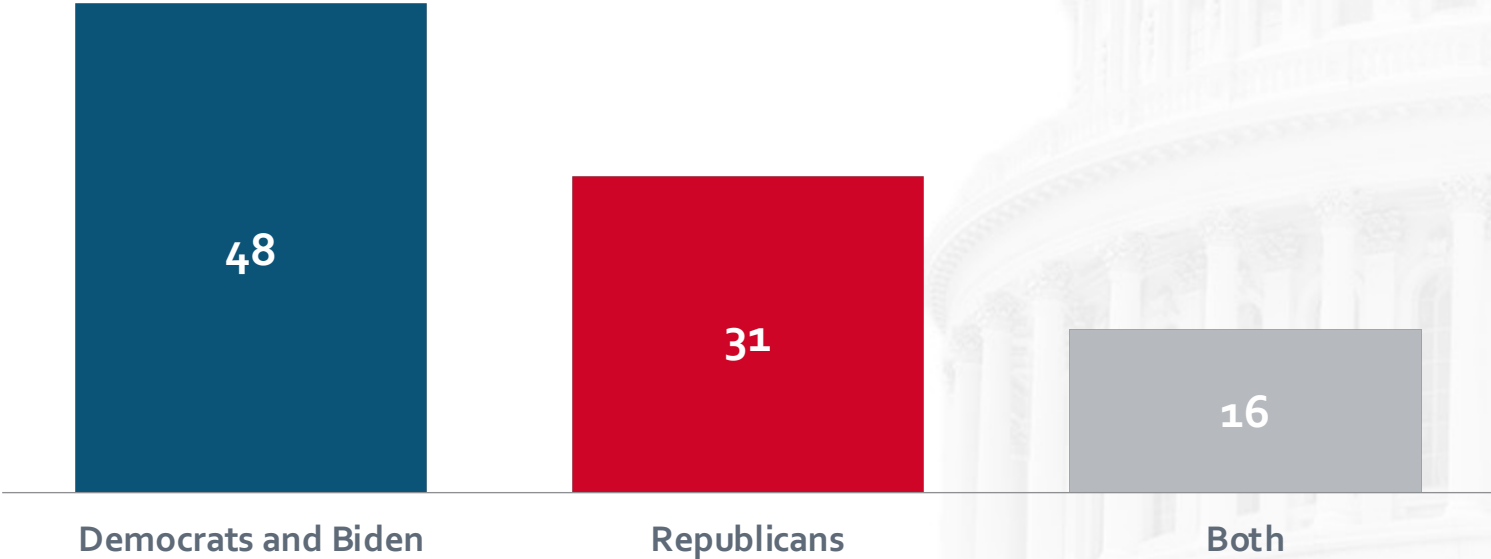

INFLATION IMPACT

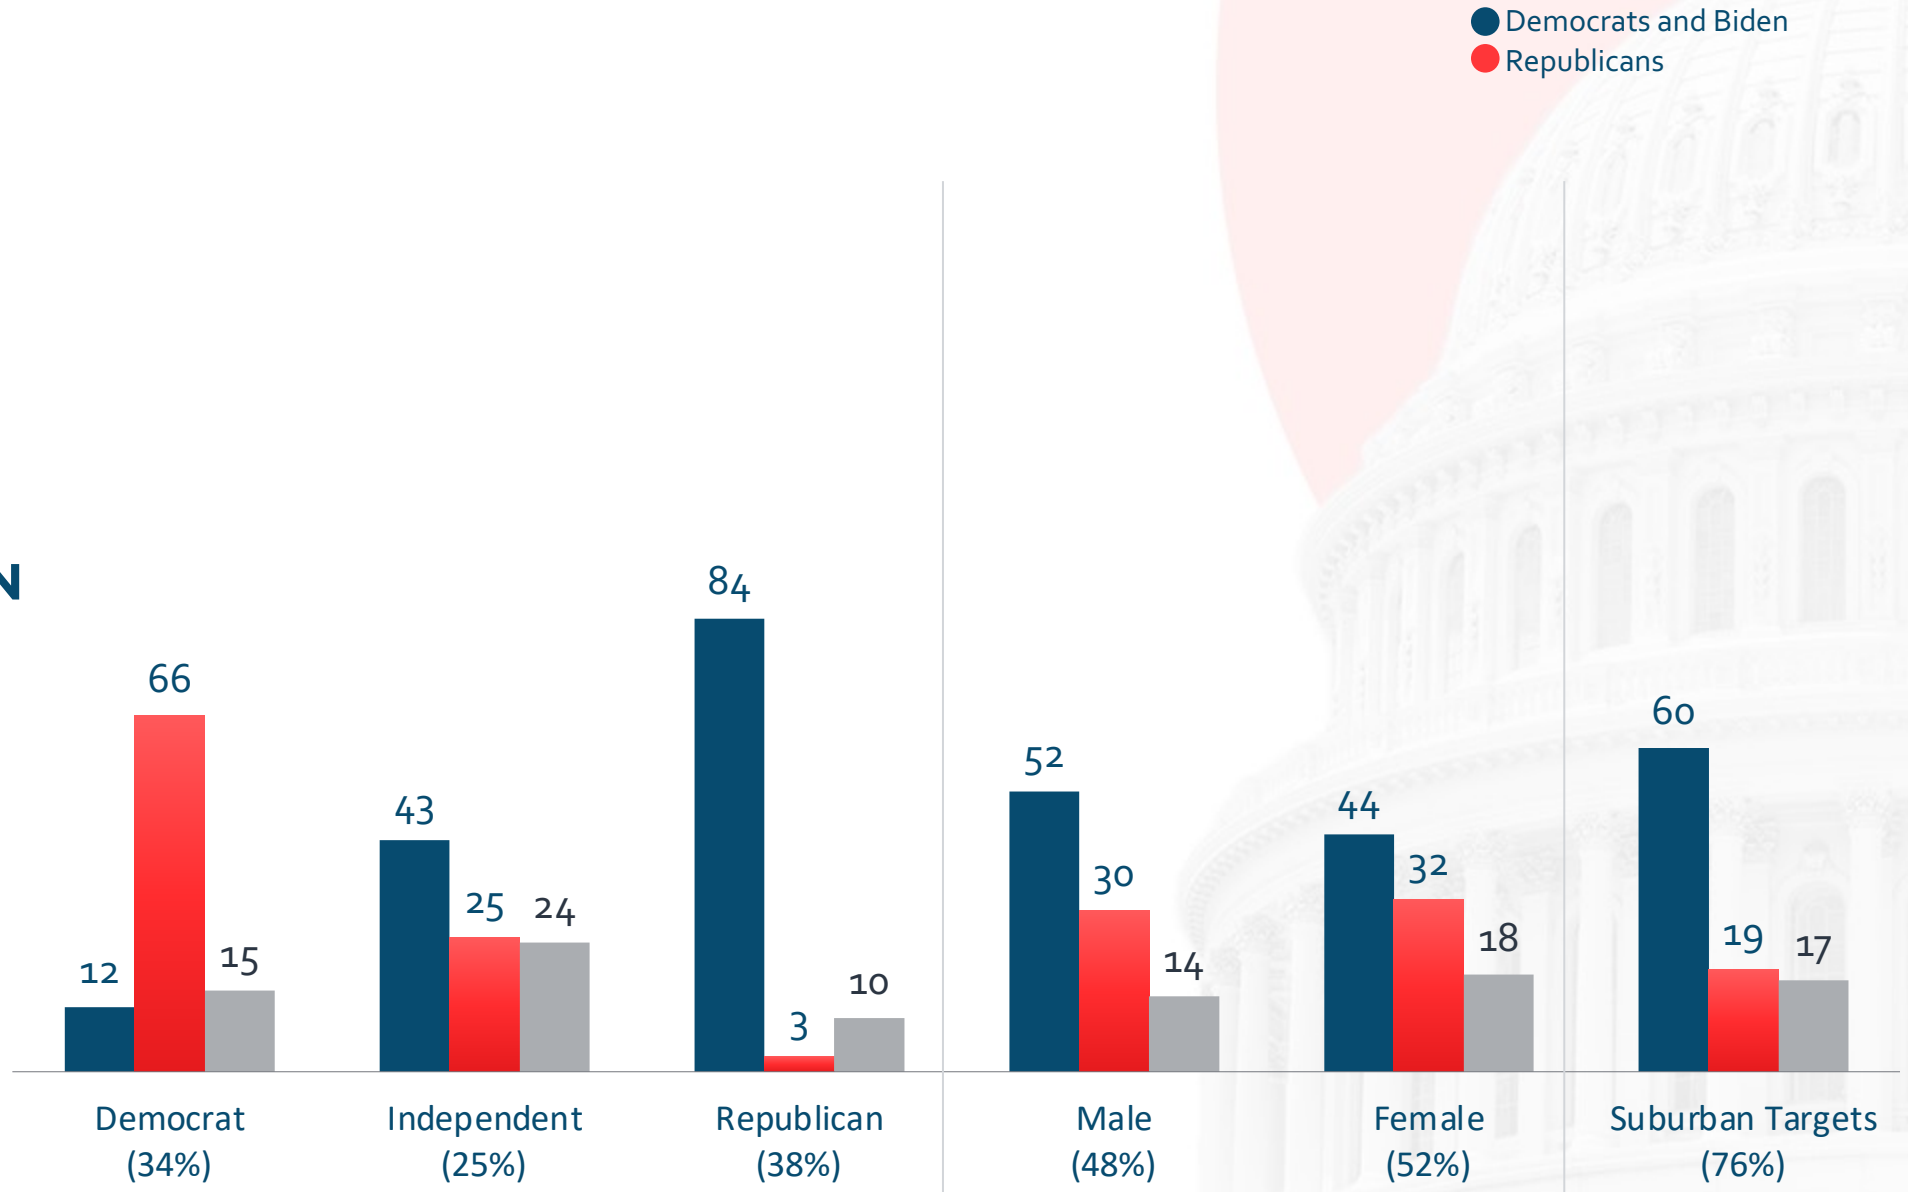

As you may know, Congress has to vote to increase our national debt soon or the government will run out of money and shut down. Currently, the Democrats control the House, the Senate and the Presidency. With that in mind, if Congress fails to increase the debt limit and the government shuts down, who would you blame most...

OVERLY GENEROUS WELFARE

Please tell me if you agree or disagree with the following statement.
Less than a year ago, America was over 90% energy independent, but President Biden and the Democrat's policies of preventing oil exploration and refining, stopping construction of oil pipelines, have resulted in America no longer being energy independent.

Critical Race Theory should not be taught in schools because school children should not be told they are inherently racist simply because of the color of their skin.

CRT IN SCHOOLS

Please tell me if you agree or disagree with the following statement.
Many public-school systems in America are failing and children are falling behind the rest of the world.

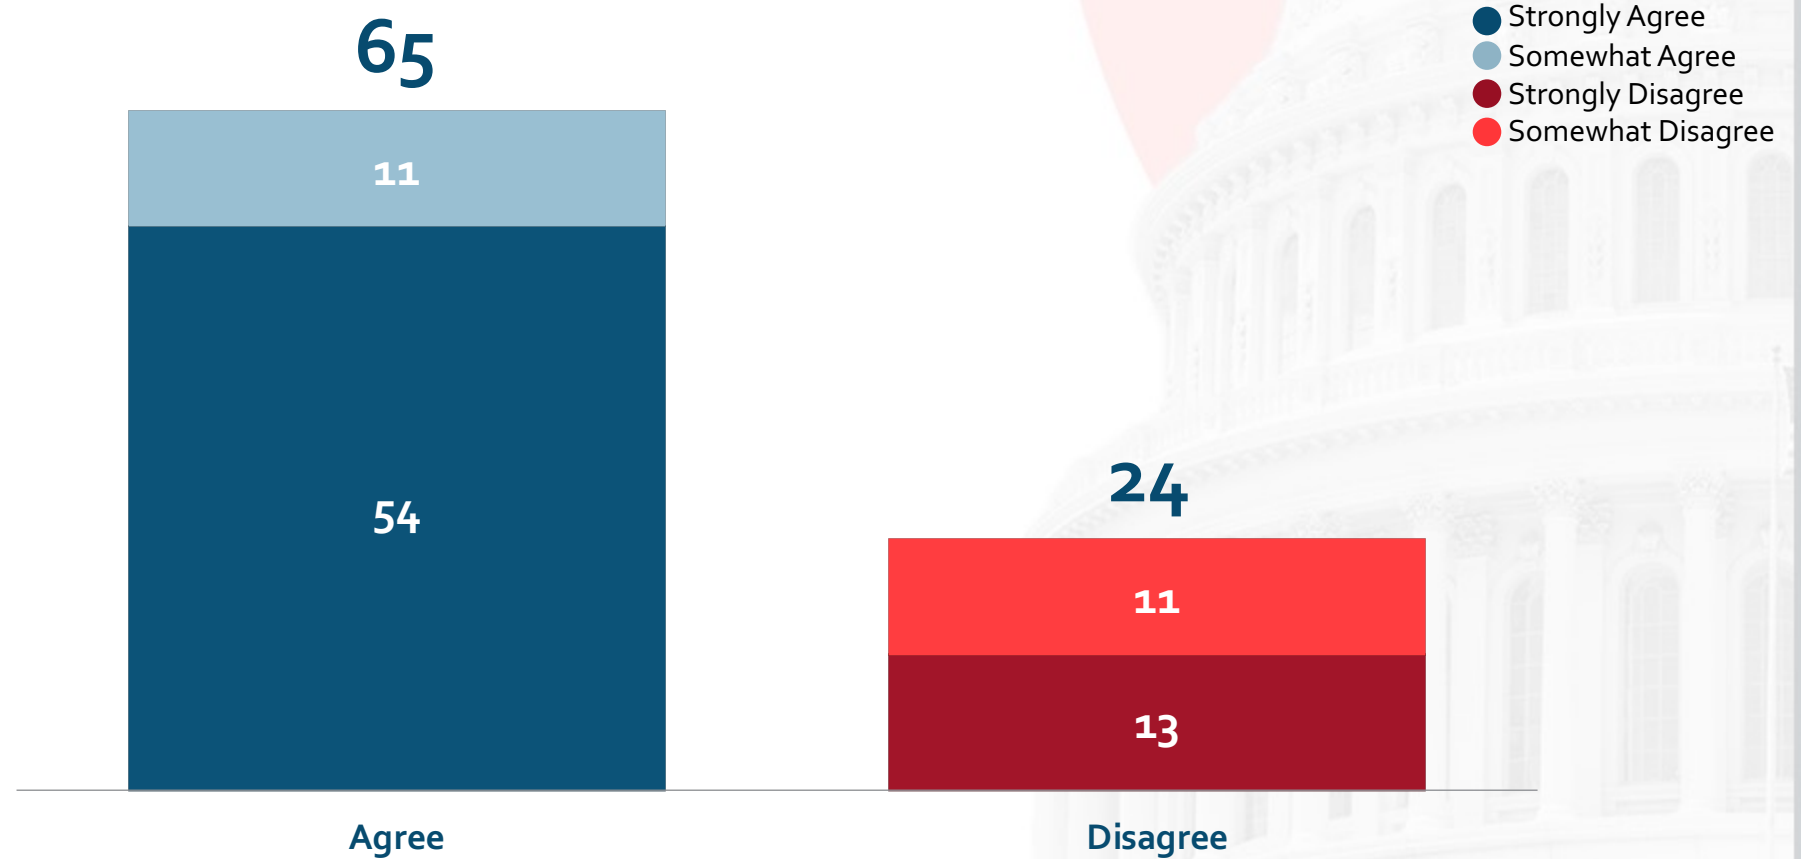

FAILING SCHOOLS

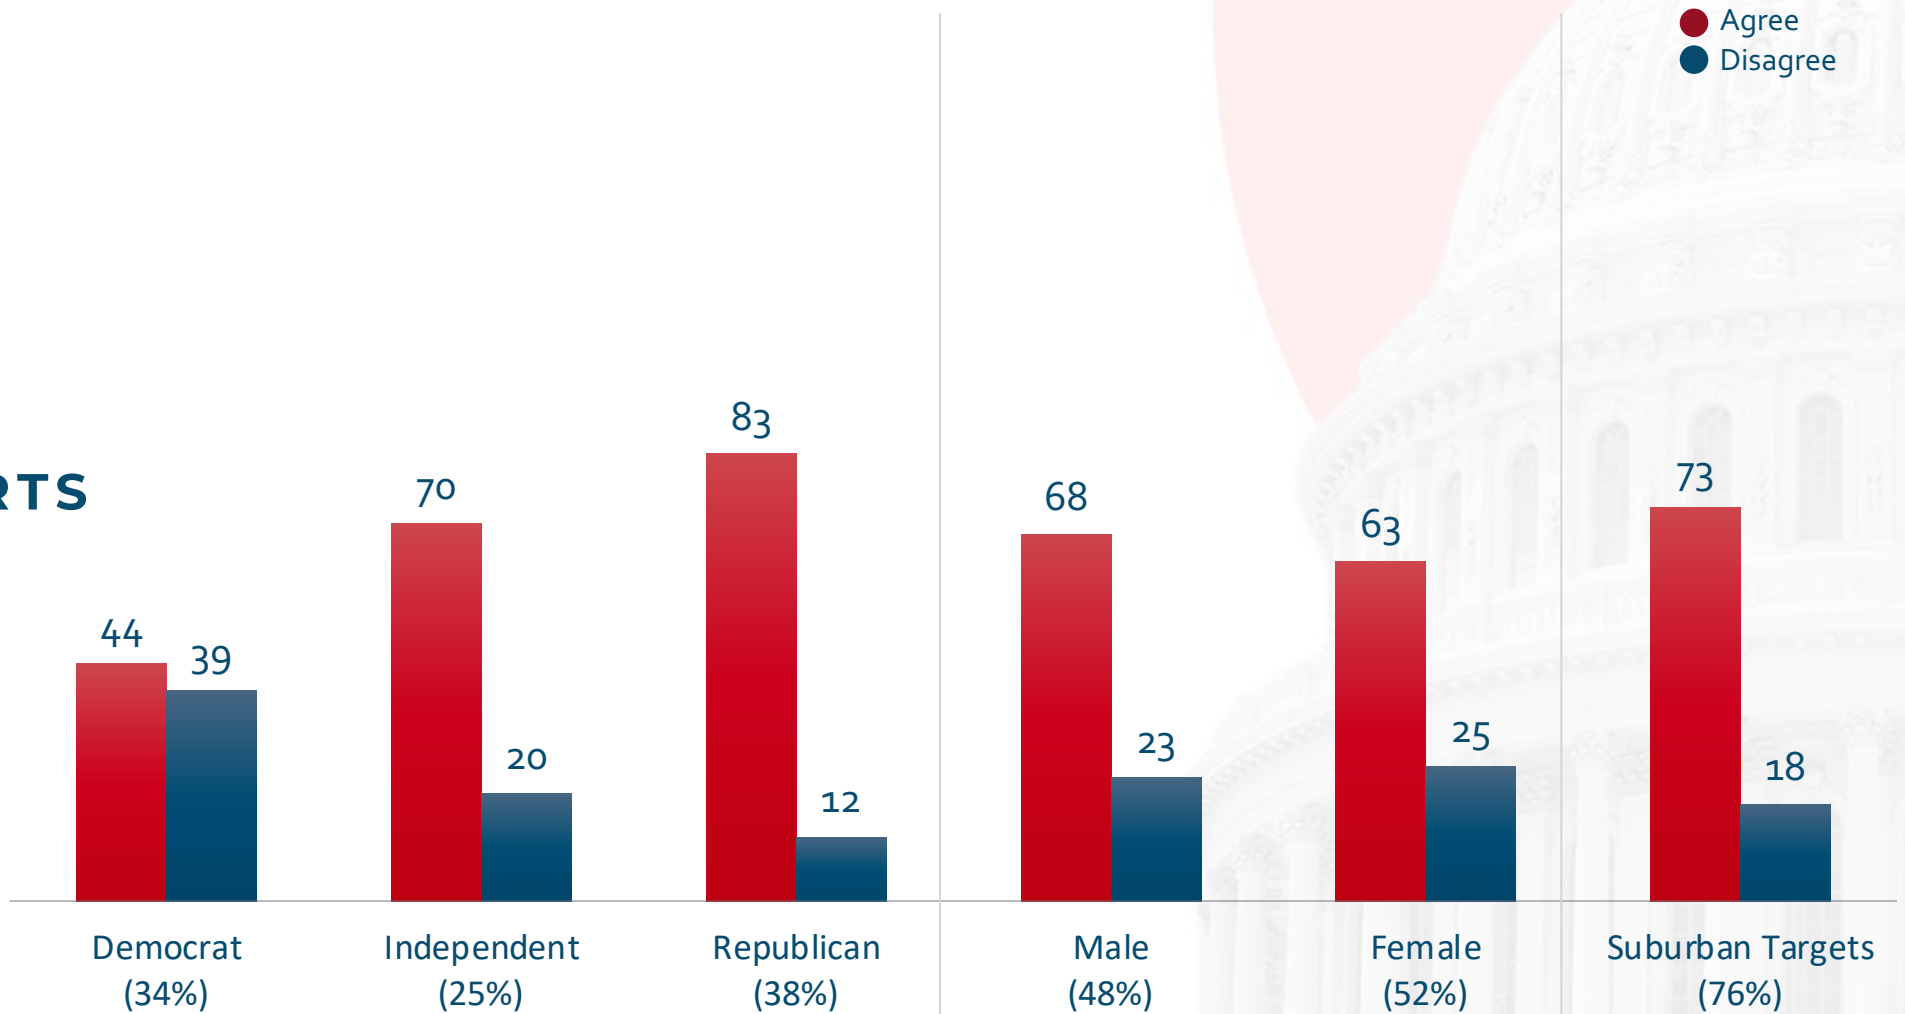

Please tell me if you agree or disagree with the following statement.

While we should always strive to protect everyone's civil rights, allowing biological males to compete against women in high school and college sports is hugely unfair and will erase many of the gains women have made in athletics over the last 50 years.

Afghanistan

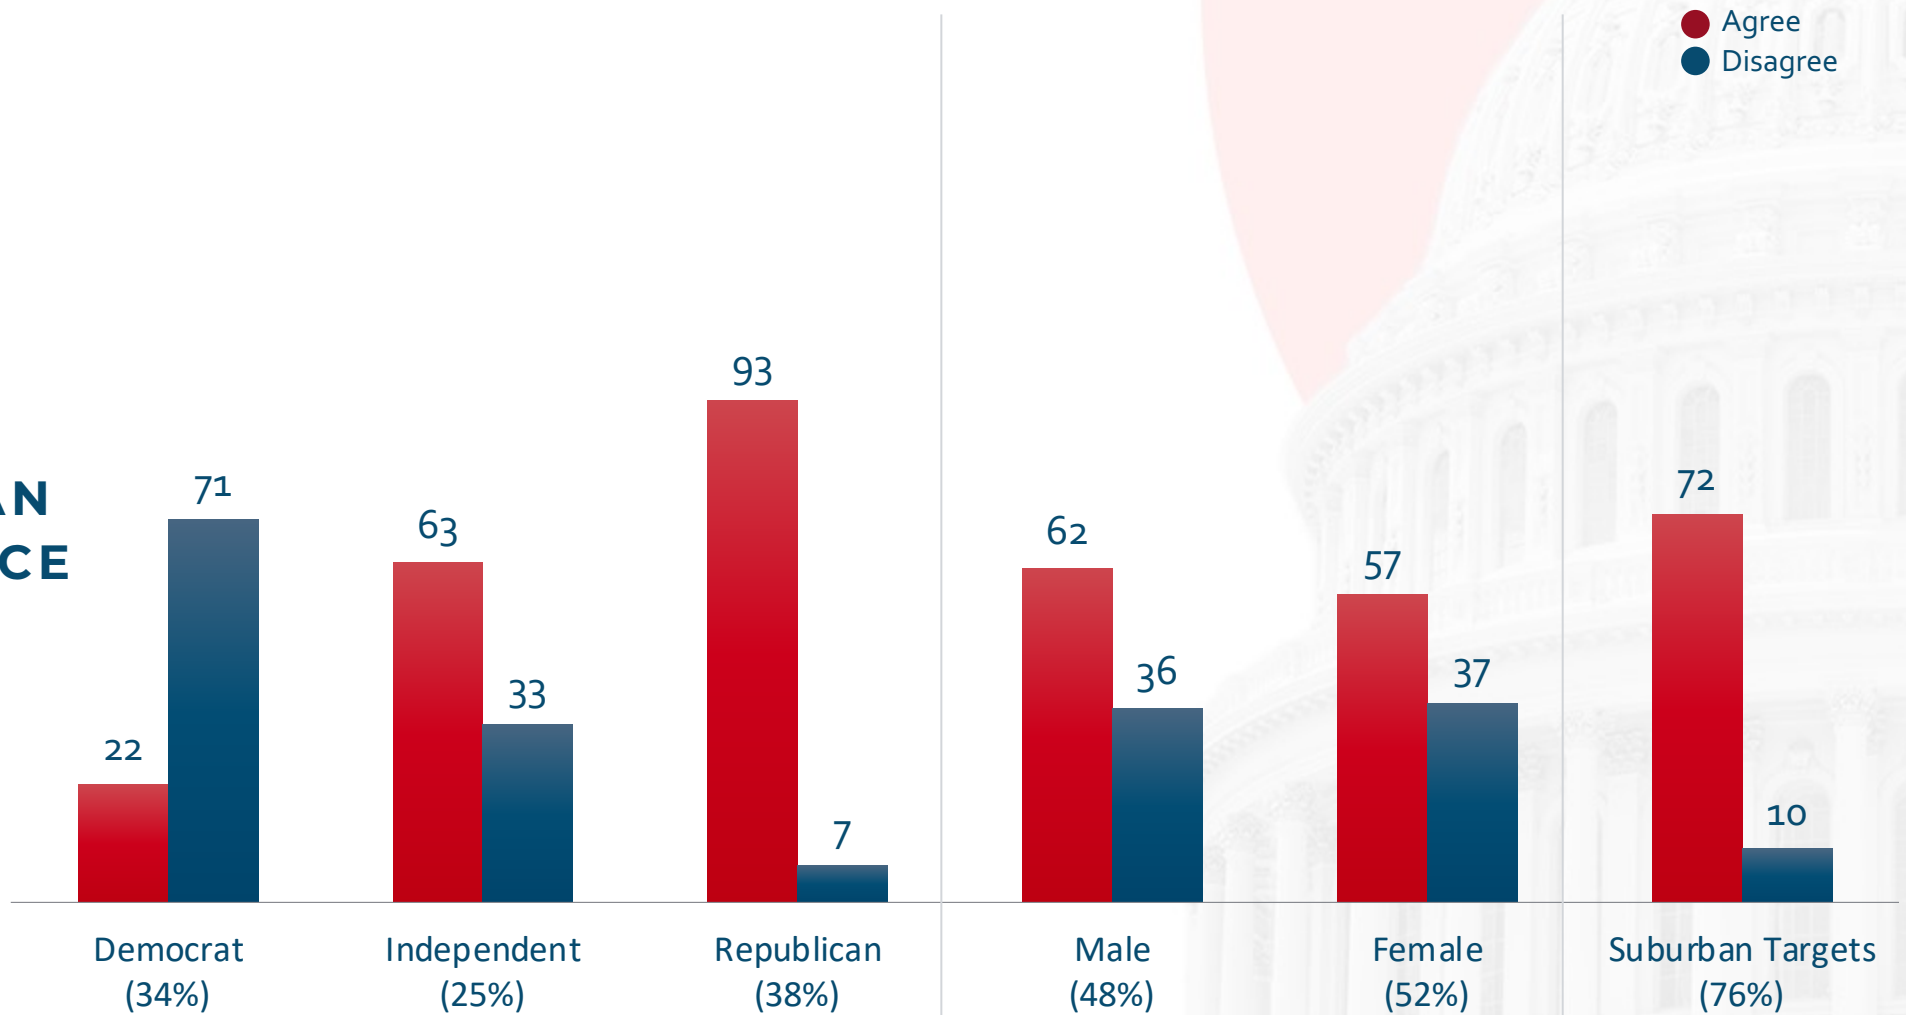

Please tell me if you agree or disagree with the following statement.
The way we withdrew from Afghanistan was an unfortunate example of incompetence by the Biden Administration.

BIDEN AFGHANISTAN INCOMPETENCE

BIDEN AFGHANISTAN INCOMPETENCE

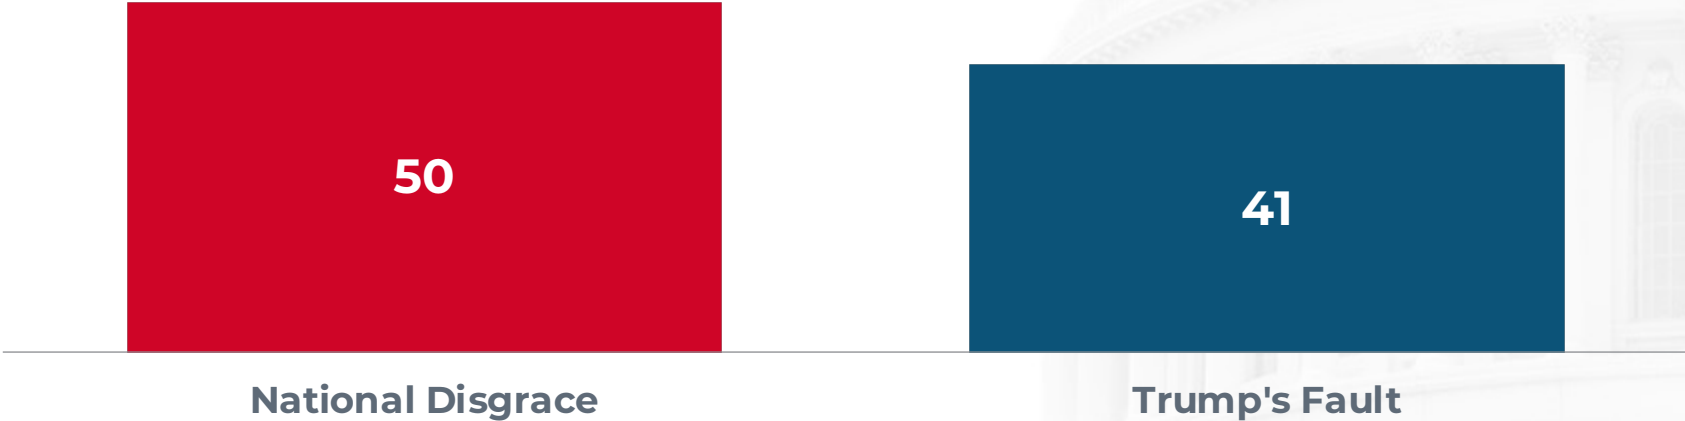

Thinking about the recent U.S withdrawal from Afghanistan, please tell me which one of the following statements comes closest to your opinion?

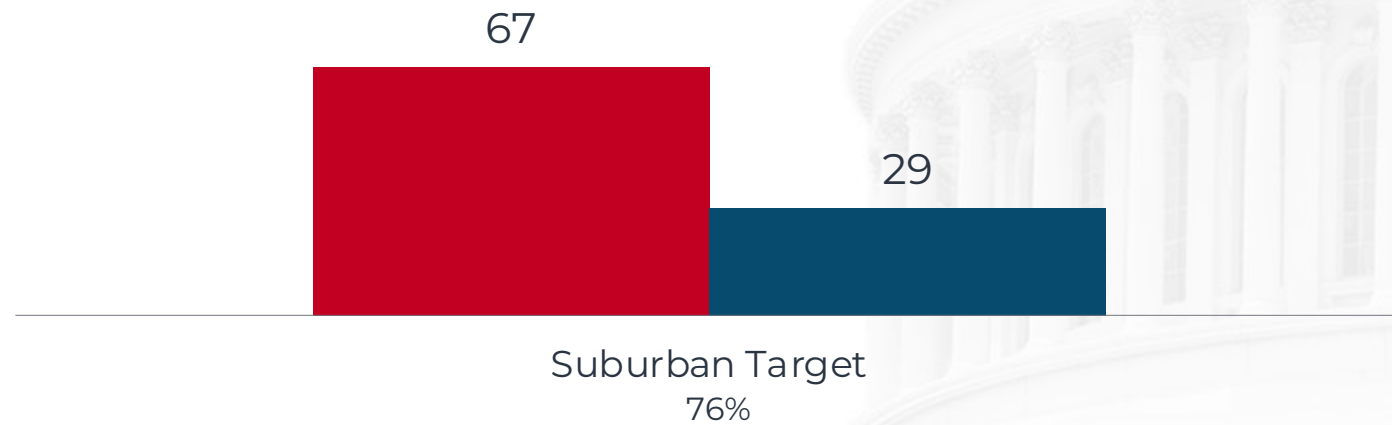

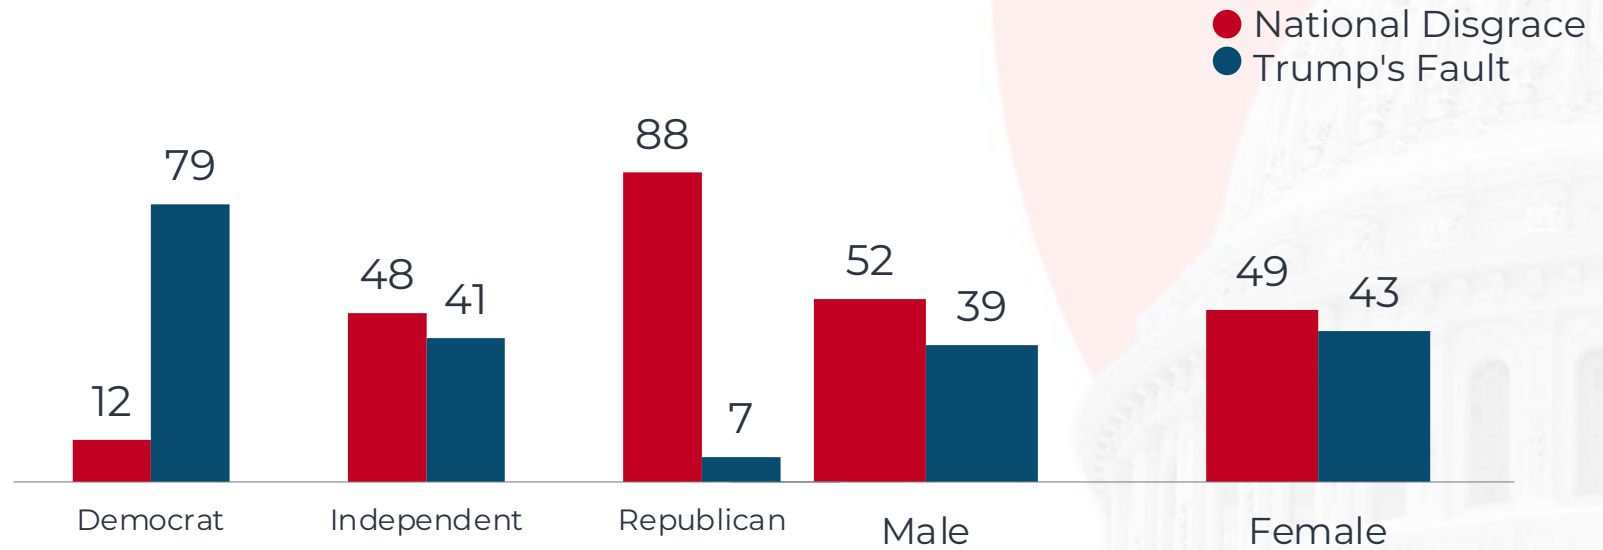

**WITHDRAWAL
HEAD-TO-
HEAD**

The withdrawal was a national disgrace and President Biden's incompetence led to a disastrous situation that left hundreds of Americans and thousands of allies stranded, caused the death of 13 U.S. servicemen and countless Afghans, and even caused a U.S. drone strike that killed 10 civilians, including a translator who worked for the United States and seven children.

While the withdrawal didn't go perfectly, there was no way for this to go smoothly given the plan that was handed down by former President Trump, and President Biden showed courage by finally pulling our troops out of an endless war that had lasted for over 20 years.

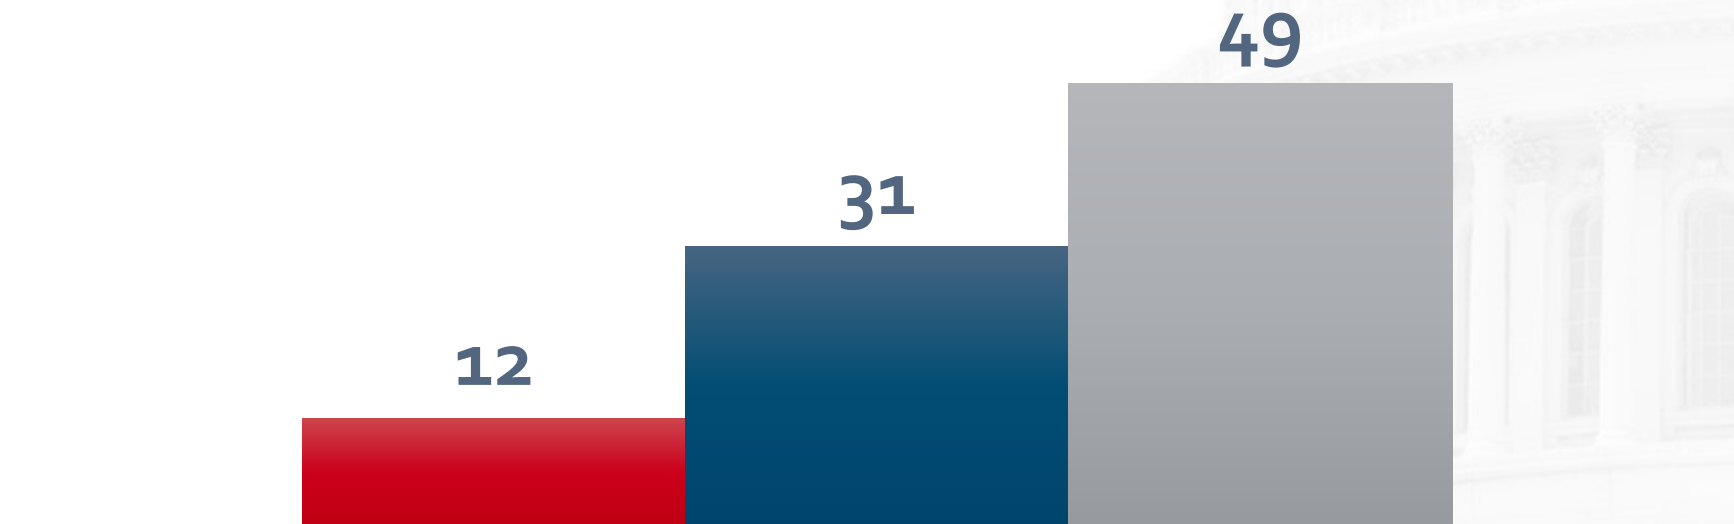

WITHDRAWAL HEAD-TO- HEAD

As you may know, we brought more than 50 thousand Afghan refugees to America during the withdrawal. How much confidence do you have that those refugees were well screened by the Biden Administration to ensure none were criminals or terrorists? Would you say you have a...

Immigration

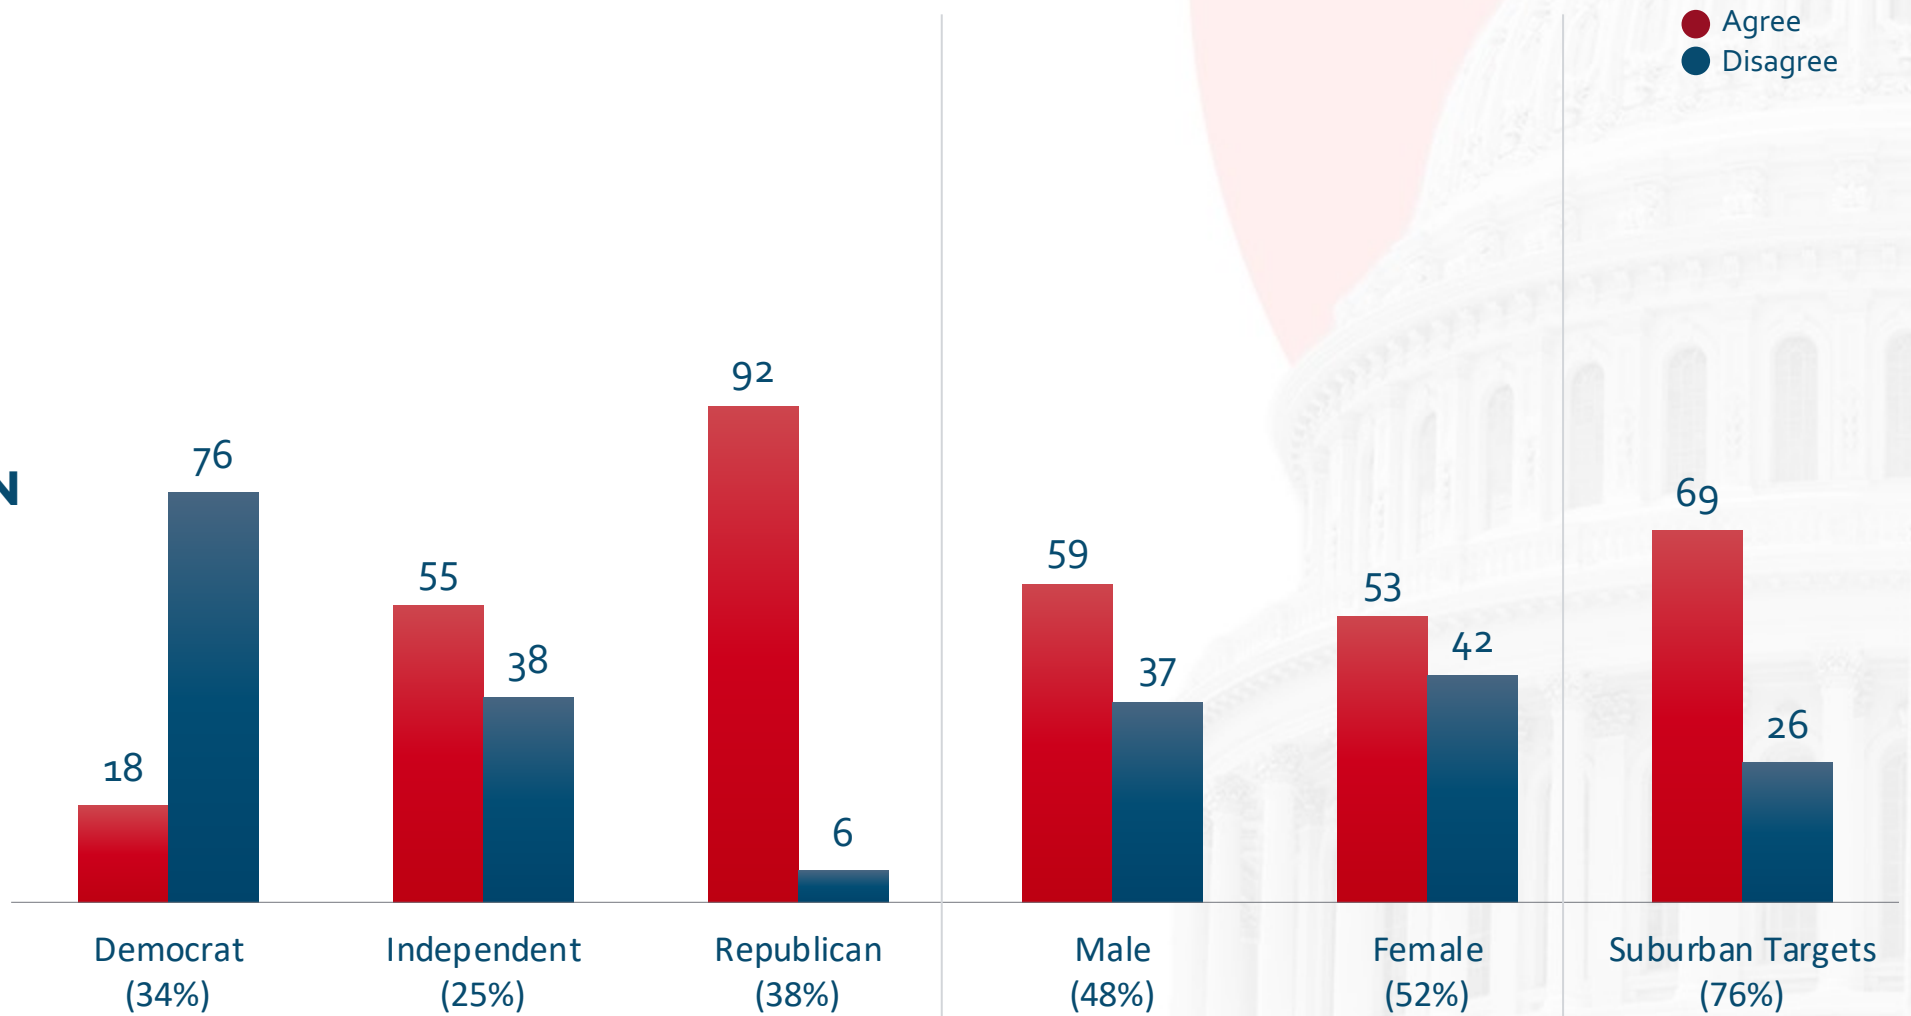

Please tell me if you agree or disagree with the following statement.

IMMIGRATION BLAME

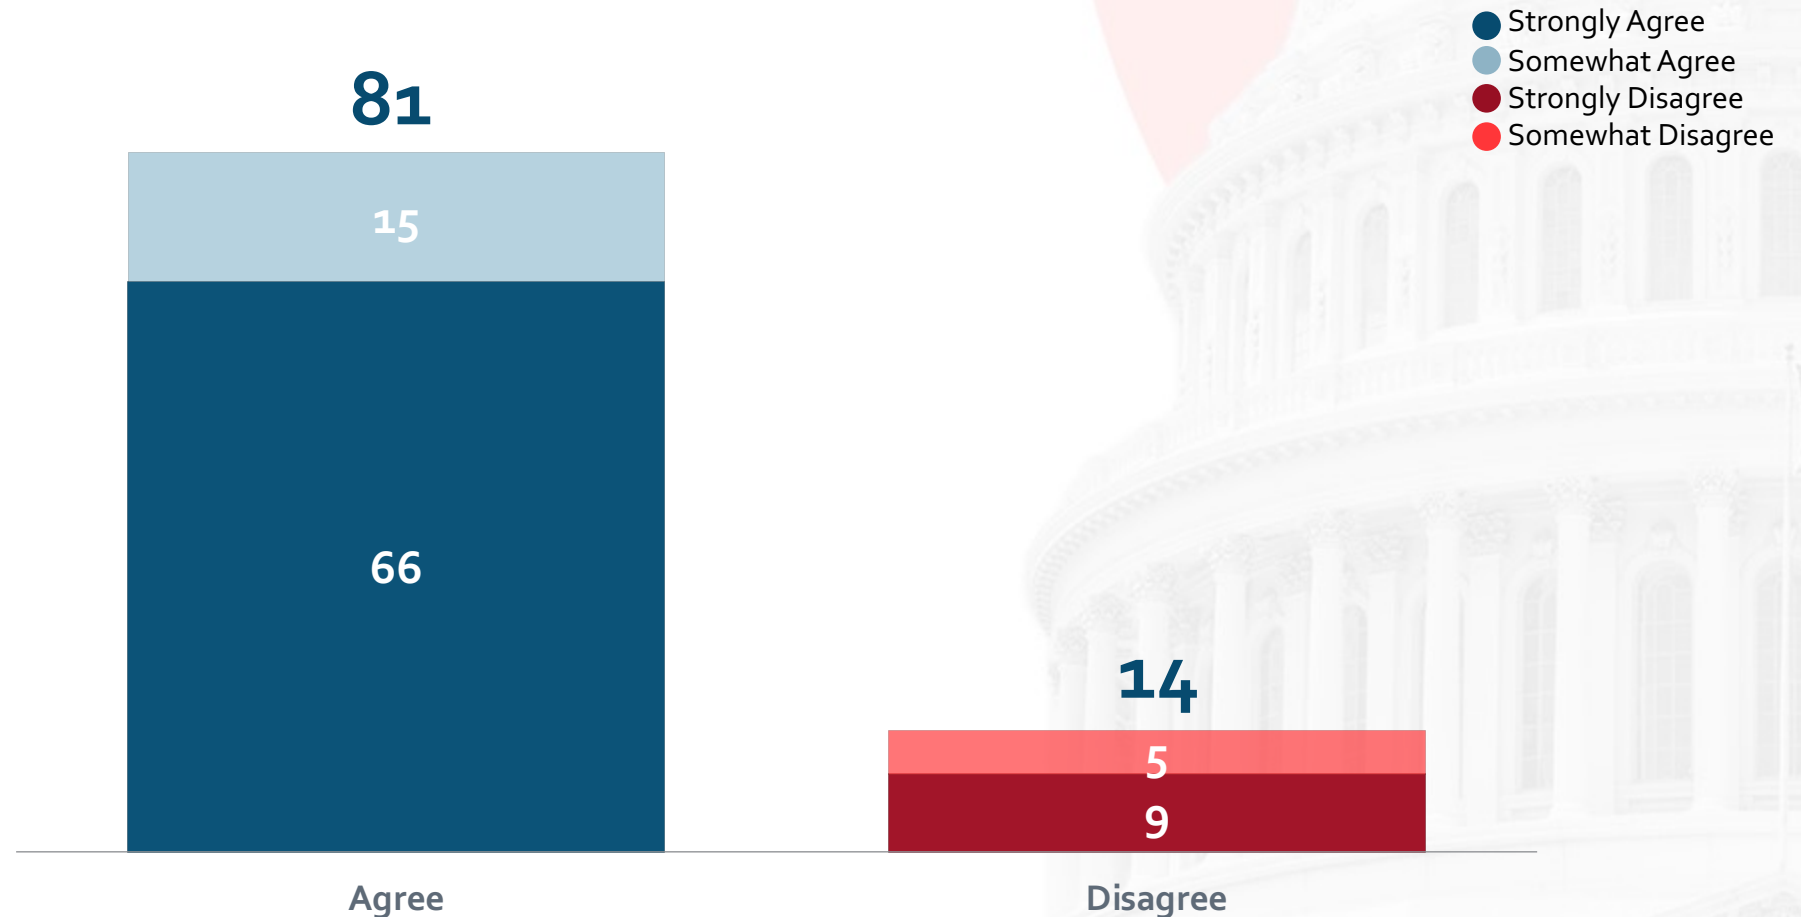

IMMIGRATION BLAME

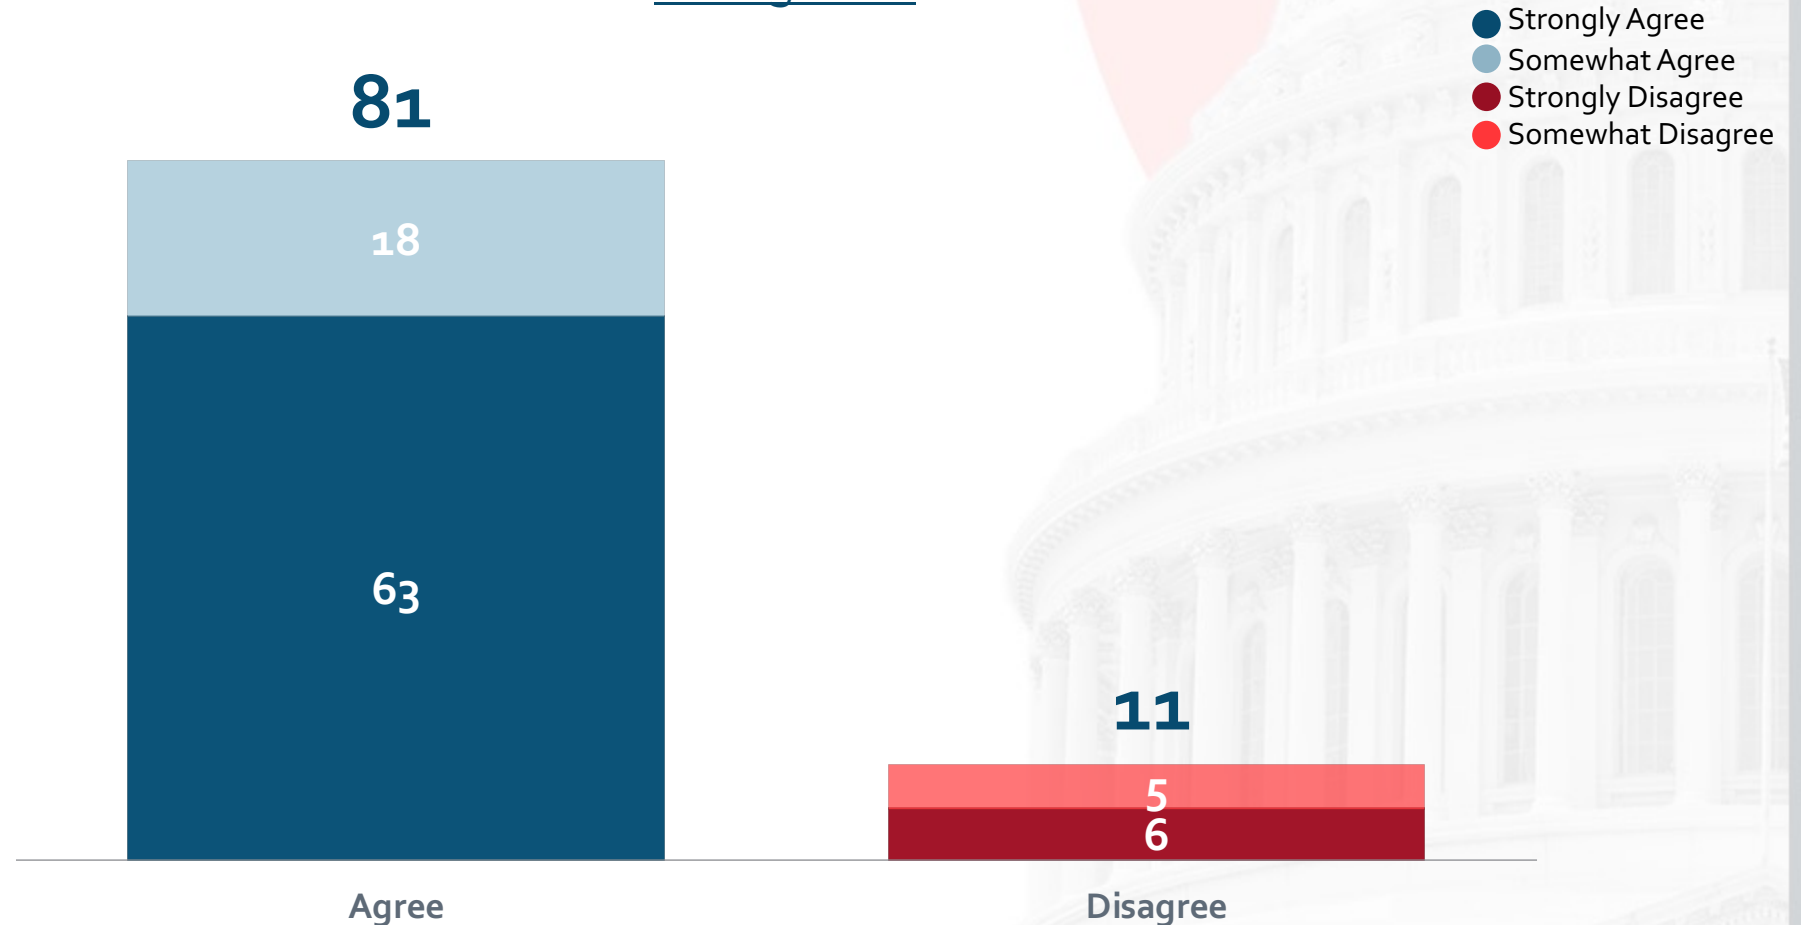

Please tell me if you agree or disagree with the following statement.
President Biden's mandate that requires vaccination of every Federal employee and everyone working in a company with more than 100 employees should also be applied to every illegal immigrant adult crossing into our country at the southern border

IMMIGRANT VACCINE REQUIREMENT

Please tell me if you agree or disagree with the following statement.
This year the Federal Government has relocated over a million illegal immigrants they intercepted at the southern border without notifying state or local officials, often greatly straining local education, healthcare, social services and police services. The federal government should be required to inform state and local officials at least one week before they relocate thousands of illegal immigrants.
